

P3 R

Description

Bayonet filters - P3 R
Weight : 23.5 g
Norms : EN 143
Packing : Individual Polybag
Carton packing : 1 Pair/Bag; 45 Pairs/Carton

Mask / Filter : Pleated Filtering paper
Latex Free : Yes
Filter Norms : P3 R

Packing

Features

- compatible with the M40X half mask and M90X full-face mask
- High Filtration Efficiency (P3 Level) – Offers 99.97% efficiency against airborne particles, including fine dust, toxic fumes, and biological contaminants.
- Lightweight & Compact Design – Ensures minimal breathing resistance and reduces user fatigue during prolonged use.
- Bayonet Connection System – Quick and secure attachment to the M40X half mask and M90X full-face mask for easy installation and replacement.
- Low Breathing Resistance – Optimized airflow design ensures smooth breathing while maintaining maximum protection.
- Compatible with Hazardous Environments – Effective against solid and liquid aerosols, including asbestos, bacteria, viruses, and toxic dust.
- Durable Construction – Made from high-quality, impact-resistant materials to withstand industrial use.
- Compatible with Active Gear Respiratory System – Designed for perfect sealing and secure fitting with M40X and M90X masks.
- CE-Certified & Compliant – Meets EN 143:2000+A1:2006 (P3 R standard) for respiratory protective devices.
- Long-Lasting Performance – High-capacity filter for extended use, depending on exposure levels and environmental conditions.
