**Features**

- Strong 3M adhesive ensures secure attachment to any safety helmet surface.
- Quick ID visibility thanks to the 97x65 mm transparent insert window.
- Durable and flexible design suitable for daily use in tough environments.
- Universal compatibility – fits on all helmet models with a flat or slightly curved surface.
- Easy card insertion allowing fast replacement of ID, name tag, or company badge.
- Lightweight and low-profile so it doesn't interfere with helmet performance or comfort.
- Weather-resistant for reliable use outdoors (rain, dust, temperature variations).
